### PAST EXPERIENCES:

We have provided consulting and staffing services to government agencies and prime contractors across IT, engineering, administrative, and operations functions.

#### Highlighted Projects:

- **Administrative Support for the Department of the Air Force:** Perform data entry and various administrative support duties
- **Audit Support for the Department of the Navy:** Provide comprehensive, independent audit and compliance analysis for all stages of the acquisition lifecycle
- **Procurement Support for the Court of Appeals for the Federal Circuit:** Serve as a contracting officer responsible for purchasing consumable and automation supplies, equipment, and services
- **Legal Clerical Support for the U.S. Merit Systems Protection Board:** Manage legal administrative functions, perform data entry, and handle other office duties
- **Congressional Support for the Federal Trade Commission:** Perform congressional support and administrative services for the Office of the Secretary
- **CAD Drafting and Design for a Large Defense Contractor:** Plan, lay out, and draw assembly and installation engineering drawings from 3D models/designs
- **Manufacturing Engineering for a Large Defense Contractor:** Design manufacturing processes and production layouts for assemblies, equipment installation, processing, machining and material handling
- **Application Design for Pennsylvania Fish & Boat Commission:** Evaluate system interfaces and determine the feasibility of requested enhancements
- **Network Infrastructure Engineering for Pennsylvania Department of Transportation:** Perform Network Management functions utilizing various industry tools to monitor, test, verify, and resolve complex network problems
- **IT Project Management for Pennsylvania Department of Education:** Manage IT projects and other Project Managers and serve as the primary point of contact for all project-related issues, including the resolution of issues
- **Technical Support for a State Department of Transportation:** Analyze and troubleshoot business application support problems and assist in the coordination of changes, upgrades, and new products
- **Application Integration for Pennsylvania Turnpike Commission:** Design, analyze, develop, and deploy enterprise applications and integrations leveraging SAP, Azure, Informatica, and ServiceNow technologies
- **Epic Business Intelligence Analysis and Report Development for the County of Santa Clara Health System:** Provide end-to-end delivery of reporting and analytics solutions in Epic Cogito Clarity/Caboodle
- **Biotechnology Scientist for a Large Federal Pharmaceutical Contractor:** Develop novel genomics assays and platforms to understand the pre-clinical and clinical-stage assets
